### ProX XS-CDJ3KA9W ATA Flight Case for Pioneer CDJ 3000 Player and DJM A9 4-Channel DJ Mixer with Wheels

#### Description

ProX **XS-CDJ3KA9W** ATA Flight Case for **Pioneer CDJ-3000 Player and DJM-A9 4-Channel DJ Mixer** with Wheels. Introducing our meticulously crafted Road Case, specifically tailored for the **Pioneer CDJ-3000** and Pioneer DJM-A9 4-channel mixer. Impeccably designed with top-tier materials and craftsmanship, this case guarantees unparalleled security for your cherished equipment. If you possess a fervent dedication to safeguarding your gear, our case consistently delivers peak performance.

This robust flight case is ingeniously constructed from our durable 3/8" Gig-Ready Series Plywood, boasting reinforced steel ball corners for added protection and effortless stacking. For your convenience, it features cushioned steel handles and recessed latches, safeguarding them during transit. Additionally, the case offers extra storage space for cables and small accessories in the rear and beneath the unit. Not to mention, a removable front panel provides quick access to front controls, headphone/mic jacks, and more.

The ProX ATA 300 Style Road/Flight case showcases an innovative Honeycomb Digital™ laminated surface design, elevating its visual appeal with a striking hexagonal pattern. This unique design not only captivates with its alien-like aesthetics but also effectively shields against minor to mild scratches, setting it apart from conventional laminated plywood cases.

To maintain our longstanding reputation for quality, all ProX cases are precision-engineered with CNC technology throughout the manufacturing process, ensuring strict adherence to specifications and tolerances. Our commitment to excellence has been unwavering since 1984.

**Please note that any equipment shown in the images is for reference purposes only and is not included.**

For your safety, as well as the safety of your equipment, we strongly advise against transporting or moving any gear stored on a sliding shelf or side shelf. Additionally, exercise caution when using the sliding shelf, as it can be removed when extended to its furthest point. Your equipment's protection is paramount.
