XSA-CLAMP ProX Security Hardware Safety Clamp for LumoStage™ Acrylic Platforms

Description
ProX **LumoStage™ XSA-CLAMP Deck Security Clamp** is used to securely lock sections of staging together around the outside perimeter of the assembled acrylic hardware system. This adds an additional level of security to the framework and ensures that the staging does not separate at the seams. On the fastening handle, it has three tightening holes for using tools (screwdriver, Allen keys, etc.) It also has a deck mounting fastening knob that locks into the deck's mounting points.

Features

- **Deck mounting knob**
- **Pressurized locking clamp**
- **Aluminum build w/ security rivet**
- **Powdercoat red finish**
